

List of enforceable government directions during coronavirus

Published 30 March 2020 | Updated 29 September 2020

In line with recent government announcements, enforceable government directions have been issued requiring some people to self-isolate, and with respect to restaurants, gyms, pubs, clubs and other services deemed non-essential.

As these enforceable government directions have been issued, some affected businesses are likely to be able to stand down employees, if they cannot usefully be employed.
